

Your Representative Terry England (Winder) is Chairman of the Georgia State House Appropriations committee. District #116

. All appropriations (spending) bills start in the Georgia House of Representatives (England's committee) as required by the Georgia Constitution.

TERRY ENGLAND LIKES ISLAMIC TERRORISTS

England is personally responsible for bringing at least 33,000 refugees to Georgia which includes over 3,000 Syrians. The rest of his refugees are Arabic speaking middle eastern and north Africans nationals--he likes Muslim terrorists.

England has been responsible for increasing the overall Georgia budget by over \$4 billion. In spite of these increases he still had to raid the highway trust fund to get money for all the programs generated by his political cronies---who pay him generously!

This guy likes crony capitalism, liberal welfare programs, and anything else he can spend your money on as fast it comes in. When the state needed the money to repair roads and bridges **England signed, sponsored, promoted and passed a bill increasing the motor fuel tax by 27%. Cutting spending on Refugee Resettlement and other welfare programs was not an option for Terry England. He voted instead to raise the gas tax. More tax money to bring in more terrorists.**

England also voted to increase 65 different user fees at one legislative session **while renegeing on his own personal farm loan financed by the State of Georgia**---he stiffed the state on his own loan.

Call Terry England and tell him to stop throwing your money away.

State Capitol office 404-463-2247 Auburn office 770-867-1601. Home at 770-867-8096, or better still, go see him at 1060 Old Hog Mountain Rd. Auburn, Ga. 30011 and tell him what you think of him.
