To: Board of Election

I Laura Gallegos feel that my supervisor Deb Cox has been retaliating due to the complaint letter I wrote June 2008. In my letter I addressed the manner in which Deb has treated myself and fellow employees. Since then I am aware that the Board has been looking into the situation and asked that I be patient, but the treatment coming from my supervisor has actually gotten worse. To the point where I was told on 08/29/08 that I was not to have any contact with the human resources dept. Deb got in my face and threatened I was to tell her who I spoke to from the human resources dept. The constant manner in which she harasses me has been cruel. Deb has gone as far as claiming that she was going to become an assassin and that she had Dr. Marks as second on her hit list, then looks directly at me. Comments like that really scare me. This office environment is VERY hostile. Depending on how our supervisor feels depends if everyone has to walk on egg shells. I have been patient, but I refuse to be abused any longer. It is hard for me to work in these conditions.

Respectfully,

Laura Gallegos
